

Improve your sitting posture!

R-Go Ergonomic Armrests

Allow you to work in an upright posture with relaxed shoulders.

Curved, symmetrical shape

The armrests stimulate an upright working posture and provides relaxation in the shoulders. The curved symmetrical shape support the arms close to the body, whether you use your mouse with left or right.

Soft & comfortable

Provides optimal support to the forearms because of the soft padding. Your arms rest softly and comfortably.

Also available in Split version

Two separate arm rests: a solution that fits everyone. Both parts can be adjusted to your personal wishes.

Symmetrical design

Personally adjustable
Rotate and slide as desired.

Soft finish
Your arms rest softly and comfortably.

C-clamps for mounting

Made from PVC-free faux leather & wood

2 parts: fits everyone

Curved shape
Comfortable working for everyone.

Improves your sitting posture

Ergonomic design for optimal support

The R-Go Ergonomic Armrests provide optimal support to the forearms during monitor work. The curved shape allows you to slide in well and support the arms close to the body. This stimulates an upright working posture and provides relaxation in the shoulders. The armrests are padded and therefore feel soft and comfortable. The armrests fit almost all desktops.

We care for our environment

We strive for circularity in the design and production of our products. For this commitment, we have received the **Ecovadis Platinum certificate**.

- ✓ Our armrests are 100% recyclable. They are made from wood and PVC-free faux leather.
- ✓ Eco-friendly packaging made from recycled cardboard with FSC certified sleeves.
