MIDDLE ATLANTIC FORUM™ TABLES MEET
WIREMOLD MODPOWER™ SYSTEMS

POWER THE POSSIBILITIES

EMPOWER EVERY COLLABORATION WITH MODPOWER™

Wiremold's modular power system seamlessly integrates with Middle Atlantic Forum™ Tables. Designed to adapt to any hybrid videoconferencing table configuration, the Forum Arc, Angle, and Rectangle Tables accommodate the wide range of ModPower™ units.

PLUG INTO ENDLESS POSSIBILITIES

Tailored to the Table

Whether it's the three-to-five or five-to-seven person Angle table for focused team discussions, or the Arc table connected with the Rectangle table for larger meeting setups, ModPower™ adapts to any hybrid videoconferencing scenario.

Mix & Match Mounting

Choose from a secure under-table attachment, a convenient on-surface mount, or sleek in-surface integration mounting options. ModPower™ is available in white and magnesium finishes, complementing both aesthetic and functional needs to achieve a clean and professional look

Flower Power

With a Primary ModPower™ Unit plugged in, seamlessly daisy-chain up to 5 additional units by pushing the easy to use touch-safe connectors together.

For Your Convenience

All Forum tables come with pre-drilled holes in optimal mounting locations underneath the worksurface for a quick and easy ModPower™ installation.

CLUTTER-FREE COLLABORATION

Clean Cable Management

Forum™ Tables feature knockouts in the PET felt modesty panel that guide ModPower™ cables from underneath the table into a concealed cable trough.

Cord Clips

Each unit includes two Cable Management Cord Clips for a polished professional look with no dangling cables.

Hidden Compartment

Each table leg has a hidden compartment to route the Primary ModPower™ Unit's power cord down to a floor power source – like Wiremold OFR or Connectrac Raceways. Magnetic PET felt panels allow easy access to adjust the cables in the future.

Power at Every Seat

ModPower™'s three 15A receptacles, USB-A and USB-C ports keep laptops, tablets, and phones charged for uninterrupted productivity.

WIREMOLD MODPOWER™ SYSTEM

PART NUMBER	ITEM	DESCRIPTION	FINISH
MDSA10-WH	On Surface Primary Unit	On Surface Primary Unit comes with 2 cords. The first cord is a 10 foot cord with a NEMA plug and the other is a 3 foot cord with a connector. Unit comes with (3) 15A tamper resistant receptacles, (1) USB A, (1) USB C port, and a circuit breaker. Each on surface unit comes with a clamp and 3 extra brackets for various mounting methods. It will also come with 4 cord clips to assist with cable management	White
MDSA10-MG	On Surface Primary Unit		Magnesium
MDCA3-WH	On Surface Middle Unit	On Surface Middle Unit comes with 2 cords. Both cords are 3 feet in length with a connector on both ends. Unit comes with (3) 15A tamper resistant receptacles, (1) USB A, (1) USB C port, and a circuit breaker. Each on surface unit comes with a clamp and 3 extra brackets for various mounting methods. It will also come with 4 cord clips to assist with cable management.	White
