

# DUAL USB-C/A CAR CHARGER 72W

The Unisynk Dual USB-C/A Car Charger for high performance in-car charging. Up to 72W charging of two units without overheating or damaging the car battery. Easy tracking of the health of the car battery through the color coded LED ring.

**CAR BATTERY INDICATOR**  
LED color indicates the car battery level.

**GROOVED ALUMINUM**  
For heat management.

**EXTENDED  
TEMPERATURE  
ENDURANCE**

Perfect for hot summers  
and cold winters.

## COLORS

- Grey, SKU: 10407
- Black, SKU: 10408

**LONG  
LIFE  
PRODUCT**

MTBF (Mean Time Between Failure) is an engineering method that predicts the average lifespan of a product measured in numbers of hours of constant use. The higher the MTBF, the better the probability of a long product lifespan.
