

SR-MTC Mountable Travel Cover for Sonos Roam

Designed to optimise the Sonos Roam's portability without compromising the sound quality, the Flexson Mountable Travel Cover offers rugged protection and multiple mounting and hanging options. The protective shell guards against knocks and bumps around the home and out on adventures, while the well-positioned cut outs ensure the sound quality is not compromised and allowing connection for charging without removing the case. Complete with carabiner clip for attaching to backpacks, loop holes to accommodate existing straps, and sliding spine fittings for attaching to the wall, bike frames or more, the Mountable Travel Cover from Flexson is the perfect addition to any Sonos Roam.

- Built to optimise Roam's portability
- Protective shell guards against knocks, without interrupting sound quality
- Design of case enables connection to charging dock
- Comes with carabiner clip and mounting attachments
- Available in Black
- Only to be used with the black Sonos Roam
- Designed in the UK
