Dual-eye 4K intelligent tracking camera, enhance your hybrid meeting experience

A 4K dual-eye intellegient camera for medium and large rooms with for display of every person and every detail. With auto-framing, speaker tracking and presenter tracking features, the UVC86 delivers face to face, intelligent and smooth video experience by precisely reproducing every moment and detail, always showing the best picture of your room. The UVC86 camera has a built-in PTZ camera with 90° and panoramic lens with 120°. It allows you to tilt up and down easily via remote control or Yealink camera control plug-in software to collaborate more efficiently.

Key Features and Benefits

Dual-eye 4K Camera Clearly Showing Every Participant

UVC86 is a built-in dual-eye 4K camera with a panoramic camera to detect participants in real-time and a PTZ camera to capture the best picture of participants, supporting a 4K video stream and capturing every detail of the meeting.

Precise and Smooth Tracking Experience

UVC86 camera supports both Auto Framing, Speaker Tracking and Presenter Tracking features. The dual-eye design solution greatly ensures the stability and smoothness of the tracking effect.

12x Optical Zoom, 90° Wide FoV

With 12X optical zoom and 90° field of view, UVC86 can easily cover a medium or large meeting space. Everyone sitting in the meeting room can be clearly seen by the remote party.

Integrated with Audio

UVC86 camera integrates the audio feature in it as well. Perfectly working with the UVC86 camera, VCM34 array microphone or VCM38 ceiling microphone combined with MSpeaker II soundbar is capable of providing a wonderful audio experience.

Multiple Installation Options

The complete mounting kits allow you to either put UVC86 on the conference table, or mount it on the top of TV, on the wall, on the ceiling, onto a TV stand or a tripod with great flexibility according to your needs.

Secure Conference with Electric Lens Cap and Automatically Flip

When you start a video conference, the panoramic camera electric lens cap of the UVC86 automatically opens, and the PTZ camera awakes up. At this time, the UVC86 is aiming at the participants.
If you are not in a video conference, the panoramic camera electric lens cap of the UVC86 remains closed, and the PTZ camera automatically flips down to secure your conference privacy.
